

GRILL SIDEBAR

Production efficiency just took a huge step forward. Now you can use every inch of cooking surface on your griddle or charbroiler. Reduce costs by organizing and reclaiming cooking space with this system that includes one side panel and a 1/6-size pan holder. Insert a 1/6-size inset pan (sold separately) to round up and store sauces, spices, squeeze bottles and more. In seconds, you've got the space to do it all and room to grow.

Product Attributes

- Sturdy stainless-steel construction
- Use with most commercial griddles and charbroilers
- Can be positioned on either side
- Installs in seconds
- Easy to clean and maintain

Benefits

- Enables operators' use of their entire cooking surface
- Easy-reach storage off cooking surface for squeeze bottles, sauces, spices and more
- Reduces cost associated with food-product waste
- Can be utilized for double-boiler applications for delicate sauces

Insights

- 112,000 griddles in the market, representing 33% of 339,770 independent-restaurant-segment customers
- Unique, innovative item that has no comparable offering in the marketplace

Uses

- Use to store and organize sauces, utensils and squeeze bottles
- Maximize space on the grill to increase production and efficiency
